Meet the international experts at the cutting edge of orthodontics

9:00 – 17:00

Dr. Jay Bowman
Portage, MI / USA

C4 – Concepts and Controversies in Contemporary Clinical Orthodontics

We shall unite colleagues in EurAsia without any geopolitical or cultural borders, sharing the knowledge and experience, and supporting each other in respect and appreciation.

BOARD OF FOUNDING MEMBERS

SYMPOSIUM VENUE

Kaiserstein palace
Malostranské náměstí 37, Prague 1

The 15th International Orthodontic Symposium 2017 will take place in the Kaiserstein palace. The address of the palace is Malostranské náměstí 37 Prague 1.

An ideal place for meetings from the times of High Baroque

For more than three centuries, we have had many satisfied and famous guests. The Kaiserstein palace received a Baroque reconstruction initiated by Sir Kaiserstein but completed by Petr Radecký (1699–1720). In 1859 a monument of marshal Radecký was built on the square. In 1866, Václav Petrožílka, a hotel-owner, bought the palace and opened an exclusive restaurant. For the next hundred years it was called “U Petrožílky”. The famous opera singer Emmy Destinn, a partner of Enrico Caruso, rented an apartment there (1904–1908).

In 1981 the palace has been registered as a UNESCO heritage site. In 1997 restitution procedures were completed and the palace was returned to its original owners.

NOV 30th – DEC 2nd

DEAR COLLEAGUES!

AGAIN, WE INVITE YOU to attend the 15th International Orthodontic Symposium (IOS) in Prague November 30th – December 2nd, 2017.

This time, the motto will be «The Future in Orthodontics». We want to be acquainted with the cutting edge technologies in order to be able serve our patients with the best treatment outcome we can achieve. Therefore, we invite outstanding speakers who are constantly developing their field of expertise.

This time, Dr. Jay Bowman from Portage, Michigan (USA) will give the pre-congress course of the EAO-Academy and will also give the Tiziano-Baccetti-Memorial-Lecture on the first day of the meeting. Please have a look into the schedule of our Symposium and you will find a variety of top-knowledgeable topics to be prepared for the future in orthodontics.

SO, WE INVITE YOU AS THE PARTICIPANTS, coming from more than 30 nations, to share this international orthodontic congress with its familiar atmosphere, where our young orthodontists come together with the more advanced experts to share the knowledge and to network for ongoing international education.

We are looking forward to seeing you all again in Prague!
